USDA ANNOUNCES FEDERAL FUNDING ***(North East Texas Economic Development District, Inc. to Receive a \$200,000 Grant)***

Texarkana, Texas, October 30, 2002--USDA Rural Development State Director, Bryan Daniel, announced that the North East Texas Economic Development District, Inc. received a \$200,000 grant to assist new and existing small businesses. The North East Texas Economic Development District, Inc. was awarded the funds through the Rural Business Enterprise Grant (RBEG) program, which specifically targets small businesses that do not meet the requirements for other loan programs.

"The injection of funds into the area will be used to establish a revolving loan fund designed to finance the establishment or expansion of primary health care businesses in 38 East Texas counties," said Daniel. "I am very pleased that USDA Texas Rural Development is able to assist in these areas."

Potential businesses in rural communities interested in the RBEG program must employ 50 or fewer new employees; have less than \$1 million in projected gross revenue; have or will utilize technological innovations or commercialize new products that can be produced or manufactured in rural areas; or have new processes that can be used in such production. Public bodies and not-for-profit entities including Federally recognized Indian Tribes located in rural areas or in communities under 50,000 population are eligible. Priority is given to applicants from communities of 25,000 or less.
